The official version of the *Project Development Procedures Manual (PDPM)* is the electronic version found on Caltrans Division of Design Website: <http://www.dot.ca.gov/hq/oppd/pdpm/pdpmn.htm>.

This erratum provides clarification to two subject areas within the *PDPM*. These changes do not constitute a change in policy.

Chapter 30 – Highway Traffic Noise Abatement

This revision clarifies that the noise abate decision report may be incorporated into the draft project report or written as a separate report and summarized in the draft project report.

Appendix L- Project Study Report and Appendix AA – Cost Estimates

In 2007, the cost estimate form in the Appendix L:

- Created a separate section for the roadside items to ensure that these roadside items are considered and identified early in the project development process.
- Updated terminology for pavement cost items.

This revision makes the forms in Appendix L and Appendix AA consistent.

PDPM users are encouraged to use the most recent version available on-line at the above website. Should a user choose to maintain a paper copy, the user is responsible for keeping their paper copy up to date and current.

If you would like to be notified automatically of any significant changes or updates to project development policies or procedures go to <http://www.dot.ca.gov/hq/oppd/pdpm/pdplist.htm>.
